ClearClaim AI - Pre-Seed Deck

AI agents that verify dental insurance and file claims for independent dental practices.

The Problem

Front-desk staff at dental practices spend hours every day on the phone with insurers.

40% of dental insurance claims are denied on first submission.

Market

There are 250,000 independent dental practices in the United States.

At $3,600 per practice per year, our total addressable market is $900M.

Traction

As of August 31, 2025, 40 dental practices pay for ClearClaim.
